Organizational Assessment Tool

About this organizational assessment.

This sampling of questions is designed to help organizations examine the ways you currently engage with the issues of racial justice. This, in turn, will guide your work in identifying opportunities to leverage as well as challenges to overcome in developing your strategy and workplan.

For each question below, please indicate whether your organization is at a red, yellow or green light.

Remember there are no right or wrong answers; your responses will help you see what assets you can leverage and what you might visualize working toward!

- *Red Light: Organization has not gone there*
- *Yellow Light: Organization has started conversations about this or taken some first steps*
- *Green Light: Organization is fully on board and has completed this action*

Also for each, consider the following:

1. What are your current efforts in this area?
2. Where are there natural entry points or opportunities to introduce/strengthen this?
3. What are the barriers? (e.g. opposition from board and/or constituents, lack of resources...)

Definitions:

Anti-Racist Organization: Seeks to integrate racial justice into programs; helping White people work together and challenge each other around issues of racism; share power with People of Color; take leadership from and be accountable to People of Color; and transforming the organizational norms and culture.

People of Color (POC): An umbrella term for people who share the common experience of being targeted and oppressed by racism.

Racial Justice: The proactive enforcement of policies, practices, attitudes, and actions that produce equitable access, opportunities, treatment, impacts, and outcomes for all regardless of race or ethnicity.
